

## Salmonid Restoration Federation

### 37<sup>th</sup> Annual Salmonid Restoration Conference April 23-26, 2019 in Santa Rosa, CA Second Call for Presenter Abstracts

Presenter Abstracts are due on November 7, 2018

Session / Workshop Coordinator Final Abstracts with a list of final presenters are due on November 14, 2018

In 2019, Salmonid Restoration Federation will produce the 37<sup>th</sup> Annual Salmonid Restoration Conference in Santa Rosa, California. The first two days of the conference include full-day workshops and field tours. Thursday begins with a half-day plenary session followed by 1.5 days of technical, biological, and policy-related concurrent sessions. This conference will focus on a broad range of salmonid and watershed restoration topics of concern to restoration practitioners, watershed scientists, fisheries biologists, resource agency personnel, land-use planners, and landowners.

#### Potential Field Tours

- Burned Watersheds, Natural Regeneration, and Active Restoration
- Dutch Bill Watershed Streamflow Improvement and Coho Recovery Tour
- Integrating Flood Management, Steelhead and Wildlife Restoration in the Napa River Watershed
- Winter Habitat, Floodplains, and Fish Passage in Lagunitas Creek
- Exploring a Stage 0 Valley – Aggraded, Avulsed, Restored
- Dry Creek Field Tour: Partnerships in Habitat Enhancement and Monitoring for Salmonid Recovery

#### Potential Workshops

- Implementing Priority Recovery Actions for Coho Salmon in the Central California Coast
- Stage 0 Restoration, Design and Implementation
- Recent Innovations in Ecologically-based Restoration of Streams, Meadows and Wetlands
- Thinking Outside the Channel: Innovative Approaches to Urban Stream Restoration

#### Concurrent Sessions

- Data, Planning and Actions for Watershed Resiliency: Fires, Floods and Climate Change
- Growing Impacts: Cannabis and Instream Flows
- Floodplains and Functions: From Concept to Creation
- Salmonid Foodscapes in River Networks
- Freshwater-Estuarine Transition Zone in Coastal Watersheds
- Stage 0 Restoration, Design and Implementation
- Let The River Run: Insights into Understanding the Klamath Basin
- Incorporating Tribal Ecological Knowledge Into Salmonid Recovery Efforts
- Applications of PIT Tag Technology in the Conservation and Monitoring of Salmonid Populations
- Documenting the Biological and Environmental Effects of Low Flow
- Strategies for Improving Streamflow
- Innovations in the Science and Management of Dry Season Water Supply for Salmonid Recovery

*Note: The Call for Abstracts evolves based on interest and Open Call submissions so please consider submitting your abstract early. Please understand that the Second and Final Call for Abstracts may be slightly different than this First*

*Call. Priority will be given to presentations that are relevant to the list of proposed sessions/workshops and have not yet been presented at a previous SRF Conference, but we will consider all abstracts that are submitted.*

Each concurrent session includes six speakers. Speaker presentations are 25 minutes including questions. SRF encourages presentations on completed projects that have a monitoring and assessment component. The Agenda Coordinator will work with each Session Coordinator towards confirming presenters by November 14, 2018 and finalizing speaker abstracts.

### **Submitting Session and Presentation Abstracts or Posters**

Submitting an abstract for the 2018 Salmonid Restoration Conference is a two-step process.

- **Step 1: Complete the online abstract submission form, which can be found at the following address: <https://goo.gl/forms/bTuFuT6t7BHq73rS2>**
- **Step 2: E-mail your abstract in a Word Document to [abstracts@calsalmon.org](mailto:abstracts@calsalmon.org).**

The formatting requirements for the Word Document are as follows:

- 12 point, Times New Roman font, and left justified only.
- Title of your abstract
- A list of all the authors, their affiliations and credentials, and e-mail addresses. Presenters must be clearly identified. Please write out this information exactly as you would want it listed in the Presenter Directory
- Indicate if the presenter is a student.
- Indicate what concurrent session or workshop you would like to contribute to, or indicate "Poster."
- Include preference of presentation type (i.e., PowerPoint LCD projector).
- An abstract of 500 words or less.

Example:

Title: Sample Title

Author: Maria Gonzales, PhD, California Department of Fish and Wildlife, [maria.gonzales@wildlife.ca.gov](mailto:maria.gonzales@wildlife.ca.gov) (Presenter), and Co-author: Martin Jones, PE, NOAA Fisheries, [martin.jones@noaa.gov](mailto:martin.jones@noaa.gov)

Concurrent Session: Reintroduction of Salmon into their Historic Habitats

Presentation Type: PowerPoint

Abstract: Write your abstract here.

All contributions, including Session and Presentation Abstracts, should be submitted electronically by email to [abstracts@calsalmon.org](mailto:abstracts@calsalmon.org) with abstract attached as an MS Word file. Receipt of your submission will be acknowledged by email and forwarded to the correct session chair. For any additional information, please contact SRF at (707) 923-7501 or [info@calsalmon.org](mailto:info@calsalmon.org).
