

# Salmonid Restoration Federation

January 6, 2020

To Our Valued Supporters,

I am writing on behalf of Salmonid Restoration Federation to encourage your organization or agency to co-sponsor the 38th Annual Salmonid Restoration Conference, which will be held in Santa Cruz, CA from March 31-April 3, 2020.

Salmonid Restoration Federation (SRF) is a non-profit organization that promotes stewardship, sustainable management, and restoration of California's salmon, steelhead, and trout populations and their habitat. We provide critical educational services for California's community-based salmonid restoration organizations and agencies by producing an annual conference, field schools, and workshops. SRF's statewide conference on salmonid restoration provides an opportunity to explore innovative watershed restoration projects, participate in technical workshops, attend concurrent sessions, and enjoy an exciting plenary on the state of salmonid recovery in California.
