

Salmonid Restoration Federation

34th Annual Salmonid Restoration Conference April 6-9, 2016 in Fortuna, CA Second Call for Presenter Abstracts

Session, Field Tour, or Workshop Abstracts are due September 7, 2015

Presenter Abstracts are due on November 4, 2015

Session Coordinator Abstracts with a list of final presenters are due on November 11, 2015

In 2016, Salmonid Restoration Federation will produce the 34th Annual Salmonid Restoration Conference in Fortuna, California. The first two days of the conference include full-day workshops and field tours. Friday begins with a half-day plenary session followed by 1.5 days of technical, biological, and policy-related concurrent sessions. This conference will focus on a broad range of salmonid and watershed restoration topics of concern to restoration practitioners, watershed scientists, fisheries biologists, resource agency personnel, land-use planners, and landowners.

Potential Field Tours

Voyage of the Argonauts: Returning Navigability and Habitat to the Eel River Delta

Mattole Headwaters to the Sea

Lower Klamath and Strawberry Creek Restoration Projects

Headwaters to Tidewaters of Salmon Creek

Urban Streams, Community Forest, & LID Projects

Fish Passage, Tidegates, Project Monitoring in Humboldt Bay and the Mad River Watershed

Potential Workshops

A Dam Fine Workshop/Tour: How Do We Actualize Beaver-Inspired Habitat Restoration?

Design and Engineering of Off-Channel Habitat and Large Wood Projects

Exploring Groundwater Recharge from Legislation to On-the-Ground Projects

Let's Get Connected – Tools for Getting Meaningful Public Input and Participation

Water Conservation Approaches Protective of Instream Beneficial Uses in North Coast Watersheds

Potential Concurrent Sessions

Upper Klamath-Trinity River Spring-Run Chinook: Biology, Genetics and Recovery

Life-cycle Modeling to Inform Conservation, Restoration, and Recovery Planning

Gold Country — Legacy Impacts and Restoration Strategies

Incised Stream Channels: Causes and Environmental Impacts, and Practical Restoration Solutions

Salmonid Physiology, Diseases and Fish Health

The Impacts of Cannabis Cultivation on Fisheries Recovery

Recovery Planning and Implementation

Shelter in the Slow Lane: Off Channel Ponds and Beaver Influenced Habitats

Deadline for presenter abstracts is November 4 and the deadline for session abstracts with a list of confirmed presenters is November 11, 2015.

Each concurrent session includes six speakers. Speaker presentations are 25 minutes including questions. SRF encourages presentations on completed projects that have a monitoring and assessment component. The Agenda Coordinator will work with each Session Coordinator (SC) towards confirming presenters by November 7 and finalizing speaker abstracts.

Submitting Session and Presentation Abstracts or Posters

Submitting an abstract for the 2016 Salmonid Restoration Conference is a two-step process.

- **Step 1: Complete the online abstract submission form, which can be found on our website at the following address: http://calsalmon.org/news/2016_Call_For_Abstracts**
- **Step 2: E-mail your abstract in a Word Document to abstracts@calsalmon.org.**

The formatting requirements for the Word Document are as follows:

- 12 point, Times New Roman font, and left justified only.
1. Title of your abstract
 2. A list of all the authors, their affiliation, and e-mail address. Presenters must be clearly identified. Please write out this information exactly as you would want it listed in the Presenter Directory.
 3. Indicate if the presenter is a student.
 4. An indication of what concurrent session or workshop you would like to contribute to, or indicate "Poster." Include preference of presentation type (ie- Powerpoint LCD projector).
 5. An abstract of 500 words or less.

Example:

Title: Sample Title

Author: John Smith, PhD, California Department of Fish and Wildlife, john.smith@wildlife.ca.gov (Presenter), and Co-author: Martin Jones, PE, NOAA Fisheries, martin.jones@noaa.gov

Concurrent Session: Upper Klamath-Trinity River Spring-Run Chinook: Biology, Genetics and Recovery

Abstract: Write your abstract here.

All contributions, including Session and Presentation Abstracts, should be submitted electronically by email to abstracts@calsalmon.org with abstract attached as an MS Word file. You must also complete the abstract submission form available on our website at http://calsalmon.org/news/2016_Call_For_Abstracts. Receipt of

your submission will be acknowledged by email and forwarded to the correct session chair. For any additional information, please contact SRF at (707) 923-7501 or at info@calsalmon.org.
