

The North Coast Coho Project

An Overview of Collaborative, Strategic Restoration on the North Coast

www.tu.org

Protect

Reconnect

Restore

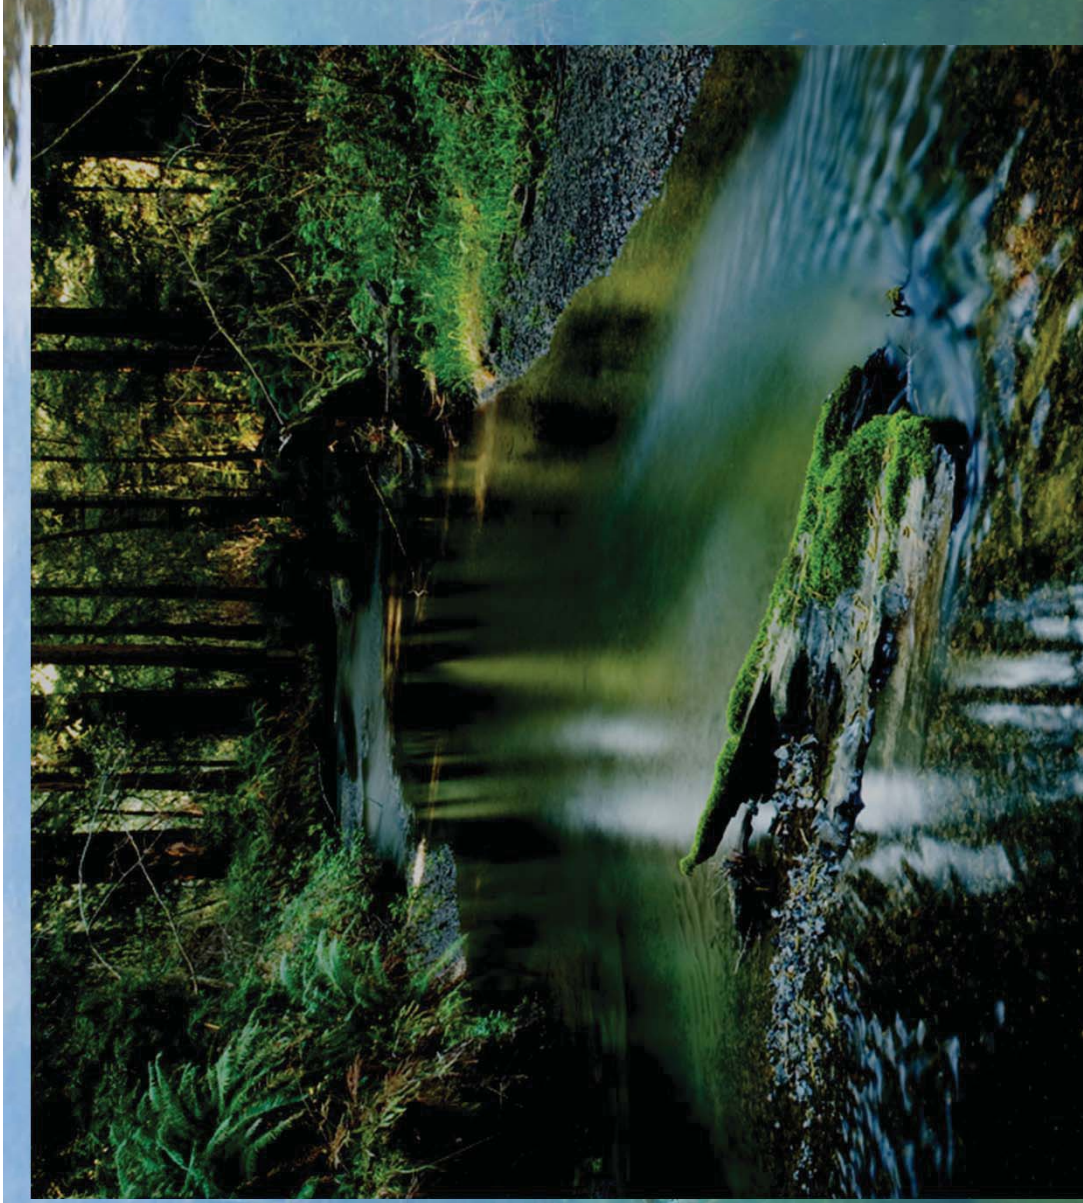

Sustain

Our Work

- Habitat Enhancement
- Fish Passage Improvement
- Sediment Reduction
- Streamflow Conservation
- Planning, Assessments, and Designs

Collaborative Efforts

Are key to our success

North Coast Coho Project Partners

- California Department of Fish and Wildlife
- Cal Trout
- Lyme Redwood Forest Company
- CA Coastal Conservancy
- Mendocino Redwood Company
- NOAA Fisheries
- Humboldt Redwood Company
- US Forest Service
- Redwood Forest Foundation
- The Nature Conservancy
- Jackson Demonstration State Forest
- Salmon Restoration Association
- California Department of Parks and Recreation
- Mendocino Land Trust
- Mendocino Railway (Skunk Train)
- FishAmerica Foundation
- California Conservation Corps
- Mendocino Resource Conservation District
- Pacific States Marine Fisheries Commission
- Caltrans
- Technical Experts (many here!)

In Humboldt, Mendocino and Sonoma counties

TU partners manage more than 900,000 acres of land

North Coast Coho Project Restoration Fundraising Since 2008					
Award Year	No. of Projects Awarded Grant Funding	Total Project Cost of Awarded	Total CDFW Grant Award	NOAA Partnership Contribution	Cost Share from Landowner/Other Funding Source(s)
2008	4	\$1,417,428	\$888,208	\$122,101	\$407,119
2009	5	\$1,099,520	\$649,338	\$134,686	\$315,496
2010	9	\$3,534,635	\$2,146,884	\$101,000	\$1,286,751
2011	9	\$2,551,713	\$1,500,282	\$101,000	\$950,431
2012	5	\$2,143,029	\$1,235,438	\$120,000	\$787,591
2013	10	\$3,322,965	\$1,694,221	\$200,000	\$1,428,744
2014	5	\$1,240,692	\$732,443	\$200,000	\$308,249
2015	11	\$4,880,595	\$3,211,674	\$200,000	\$1,468,921
2016	7	\$2,420,897	\$714,294	\$304,752	\$1,401,851
	65	\$22,611,474	\$12,772,782	\$1,483,539	\$8,355,153

2015 Field Work Metrics

- 13 miles of forest road treated
- 30,380 cubic yards of sediment savings from road work
- 20 miles of instream wood installations
- 470 instream wood structures

Over a decade of work in these coastal rivers...
